

Same Day Private GP Healthcare for You and Your Employees

From £145 a month

How much is employee absenteeism costing your company?

In Essex, it works out at an average of **£1,600 per employee per annum**. It's estimated that this could be cut by as much as 50% if employees had access to same day GP appointments.

Accessing NHS GP services can be difficult, with extended wait times. So, what's the solution?

We believe we have your answer

Our Private GP Corporate Membership scheme has been created to offer you and your nominated employees priority access to same day Private GP healthcare. For a set monthly fee, you will receive a designated number of appointments per year, which ensures:

- A reduction in absenteeism
- Increased productivity with healthier employees
- A perceived high value employee benefit that is low cost and tax deductible to the company

Membership benefits include:

- Same day appointments with one of our experienced GPs
- Easy to book appointments online or through our dedicated membership phone line
- Face to face or virtual appointments available*
- Blood tests, prescriptions and consultant referrals completed in consultations
- Speedy access to imaging such as x-rays, ultrasound and MRI
- Discounts on blood tests and annual Well Person checks
- Free access to our Lifestyle Medicine portal to improve employee health

*Video consultations can be done for new or existing patients if appropriate. Telephone consultations are only for existing patients. Patients must be in the UK at time of consultation.

How it Works:

- Choose a plan that suits the size of your business and the number of employees you wish to cover
- Let us know the names of the employees you wish to cover. You can include employees' extended family if required as many lost days are due to unwell children
- Your monthly direct debits will cover a 12 month period
- **If after 12 months, one of the lower-tier options would have been more suitable for your company, we will refund the difference**
- **The cost of the membership is tax deductible.**
